

AUDITORI- PLANTA

This architectural floor plan illustrates the layout of an auditorium. The seating area is defined by a series of vertical rows of seats, with a total width of 13.54 meters. The rows are separated by aisles, with a central aisle measuring 8.00 meters and side aisles measuring 4.00 meters and 2.05 meters. The total length of the seating area is 13.44 meters. A stage area is located at the top of the plan, with a width of 8.59 meters. A small rectangular area, possibly a service area or entrance, is located on the right side of the plan. The overall dimensions of the auditorium are 13.54 meters by 13.44 meters. The text 'AUDITORI 250 M²' is located in the bottom left corner of the plan.

The image is a detailed architectural floor plan of the Auditorium of the Vallbona de Noya Center. The plan is oriented with the stage at the top. The main seating area is a large, rectangular hall with tiered rows of seats. To the left of the seating area is a large, open space labeled 'RAMPA A. PATI DONES'. To the right of the seating area is a service area labeled 'AUDITORI'. A red rectangle highlights a specific area in the bottom right corner, which appears to be a stage or performance area. The plan includes various architectural details such as walls, doors, stairs, and furniture. The overall layout is functional and well-organized, designed to accommodate a large audience and provide a high-quality performance space.
